

ActivInspire: Adding a Movie to a Flipchart

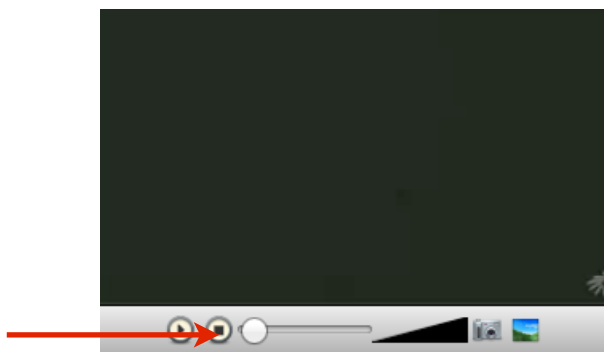

1. Open **ActivInspire**
2. Create a new flipchart or open one you previously saved.
3. In your open Flipchart, from the **Inspire** menubar at the top, click on **Insert/Media**.

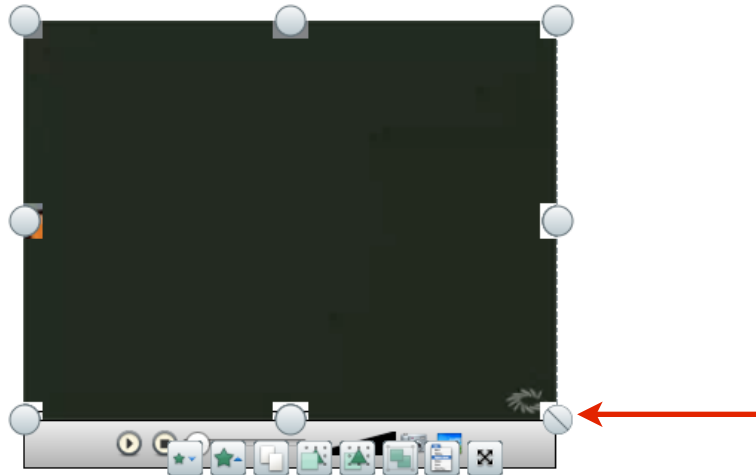

4. A window will open allowing you to select the downloaded movie file. Click on **Downloads** on the left of the window. Then, click on the name of your downloaded movie. Finally, click **Open**.

5. The movie may start to play once inserted. You can click the **Stop** button on the movie to stop it.

6. Click on the movie window to select it. Use the circles around the movie window to size it.

7. If needed, click, hold, and drag the window to move the movie around on your page.

8. That's it! Be sure to save your flipchart as you work.

9. When your ready to play the movie for your students in your flipchart, just click the **play** button.
