

## Adding More Colors to Your Toolbar in ActivInspire

1. Open **ActivInspire**
2. Click on **Edit/Profiles**

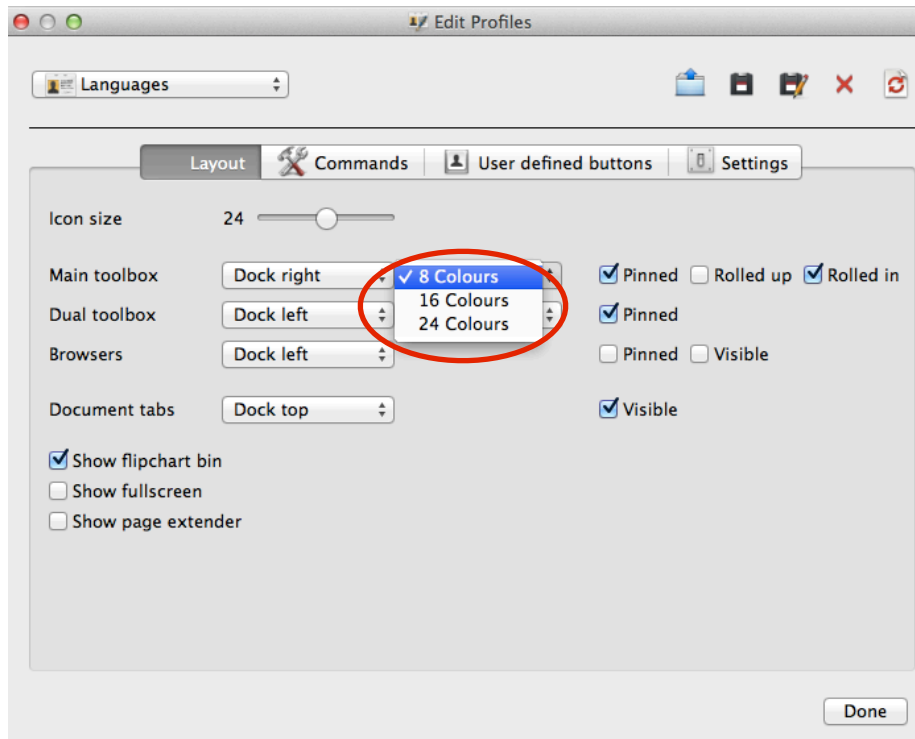

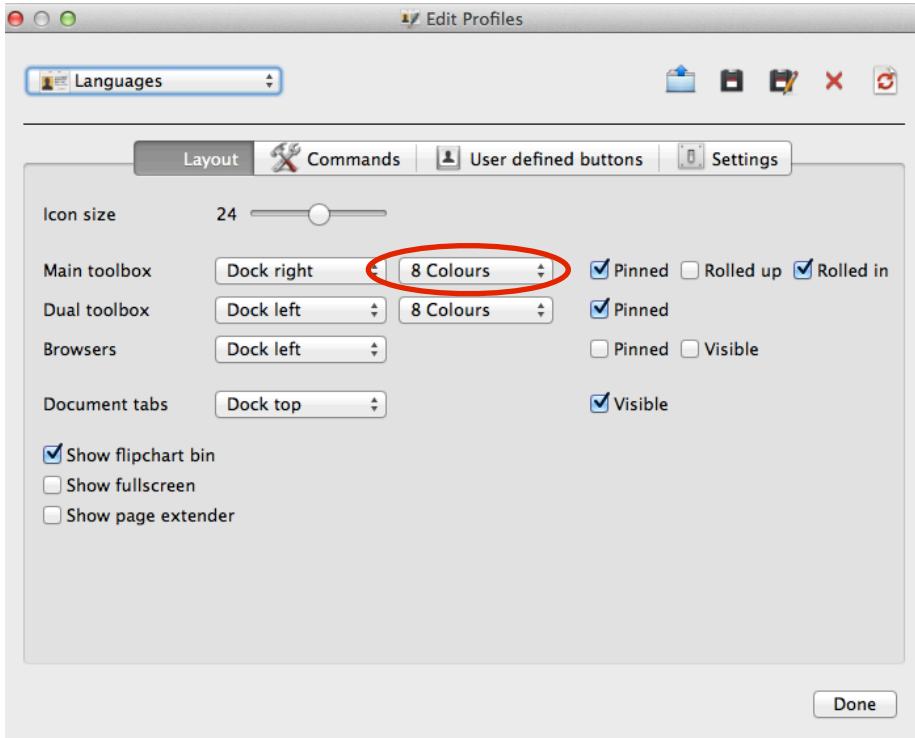

3. In the window that opens, choose what profile you want to add additional colors too.

Click here to choose:  
At the board,  
Authoring, Language,  
Mathematics, or Media

4. Click the **Colours** button beside **Main Toolbox** to change between 8, 16, and 24 colors. Then click Done. (If you want additional colors on all of your profiles, be sure to change the setting for each here before clicking Done.)

If you want to add additional colors to the student pen when using the 'Dual User' mode. You can adjust that by clicking on the Colours button beside Dual toolbox in each one of your profiles as well.
