

## Setting the Sound Preferences for a Promethean Board

1. Click on the **Apple** in the upper left corner of your screen and choose **System Preferences**.

2. In the System Preferences window that opens, click on **Sound**.

3. In the Sound window, click on **Output**. Then choose **Promethean Audio** in the list below. Quit System Preferences. (If your promethean board is connected to your computer via the USB and Promethean Audio is not appearing in the sound window, restart your computer.)
